HAPPY NEW YEAR, 2025
1 Corinthians 2:9

I AM SAYS THE LORD MINISTRIES

PROMOTING BIBLICAL WORSHIP AND TRAINING WORSHIPPERS

GLORY TO GOD

We thank God who has given us the passion to see to it that the children in our community attain an excellent education; we thank God for giving you the same passion. We are grateful to you for standing with us and partnering with us.

Thank you for your prayers and support.

We love you and pray for you.

God Bless you.

OUR CANDIDATES HAVE WON

It is with great joy that we inform you that all of our candidates that you have been praying for have passed their final examinations.

9 children passed in division 1,

18 children passed in division 2,

4 children passed in division 3.

That is **87%** of the children

attaining very good grades. And we are only getting better.

All of our children got the results needed for them to go to the next level of education.

PRAISE GOD!

Psalm 66:5

"Come and see what God has done, His awesome deeds for mankind!"

BENITA

Is raised by a single mother who is struggling with poor health and financially stressed. all odds were against her, but she has emerged victorious, she passed in division 1 with 12 aggregates.

She has good enough grades to join secondary level of education, she very much wants to continue with her studies but financially she is not able to. As the Lord leads you, you can go ahead and give to support Benita so that she can continue with her studies to become a doctor in future.

THANK YOU!!

Thank you very much KINGDOM MINISTRIES for donating funds for painting the school, buying mosquito nets and mattress covers.

PARADISE JUNIOR SCHOOL

A LIGHT IN DARKNESS AND AN ARK OF SAFETY FOR CHILDREN

WHAT WE ARE DOING IN 2025

WE ARE BUILDING

SCHOOL

We thank God that He has entrusted us with all the children that we have now. We are really growing bigger. God has poured out such a blessing that we now need more room for it. This is why we are setting out to build a three-story building at the school campus, this will have classrooms, big enough for the children to study and learn freely. It will have laboratories, a library, music room and so much more. We are looking forward to this and we know that our children will very much be blessed.

HOSPITAL

It is sad that in our country and community, we have a large portion of deaths due to treatable diseases such as malaria, that we still have a high mortality rate. Most of these conditions are preventable and they can be treated with simple interventions. We thank God for blessing us with the land where we are going to be building a health facility. The Lord who started this will surely see it to the end. Our community will be healed.

WE ARE GROWING FOOD

We are going to be feeding more than **600** people at school this year, this is our children and staff.

We are therefore establishing a mechanized and modern farm; this will give jobs to the people in the community and it will provide food for our children at school.

By **GROWING** our own food, we shall be able to easily feed all these people three meals a day, this is a cherished blessing to many people in our community.

WE ARE THINKING

WHAT WE VALUE

FAITHFULNESS | EXCELLENCE | HONESTY

PARTNER WITH US TODAY

There are children who have been abandoned by their parents, many who are raised by single parents, many more whose parents are around but have failed to provide basic needs like food and proper shelter for the children, much less education.

We are supporting many of these children through Paradise Junior School, and many more just keep coming. **The harvest is indeed plentiful**; today you can choose to labor with us to help our people here.

You can join and partner with us as we fulfill this great commission.

All the things in this report are possible because of the generous support of our sponsors and well-wishers.

- You can stand with us to touch more lives by giving to this work.
- You can visit and see what God is doing in a small village called Nsaggu in Uganda.
